Nevada City Nugget

TWO MEN KILLED

John Gorman, married with several children and Ray Harris, single, were killed at Idaho Maryland Mine near Grass Valley this morning at 11:20 a. m. The men fell with a dump car when the trestle broke, crushing them and killing them instantly.

MRS. TURNER PASSES AWAY

Mrs. Turner passed away last night at the George Sandow home.

VOLUME III, NUMBER 22 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER APRIL 15, 1929

RICH HIGH GRADE ORE IS REPORTED STRUCK IN BOTTOM TIGHTNER SHAFT

The most important strike in the history of the Alleghany mining district was made in the Tightner shaft of the Sixteen to One Mining Company last Thursday and proves the predictions of the United Geological Survey that the values in that district would extend to great depth.

Amazingly rich high grade is said to have been unexpectedly struck on the 2700 level while sinking the Tightner shaft. Several powder boxes of high grade were picked from the muck by the crew on shift. The extent of the strike has not yet been determined but it may prove a larger bonanza than the shoot enencountered last year when a mass of 160 pounds of quartz yielded oved $26,000 in gold

The strike will give the Tightner and Sixteen to One mines more than 1200 feet of backs on their payshoots, all virgin ground and doubtless containing untold wealth of high grade ore. This latest strike proves that the bonanza ore found in the upper levels of these mines extends to great depth.

The company officials have not as yet officially announced the new strike, being particularly reticent about giving out news to the press.

Due to the reticence of the Sixteen-to-One officials to give out any information at all regarding operations, newspapers are obliged to check up as best they can in handling reports of strikes made. The $26,000 nugget taken out last year followed by another large find the latter escaping newspaper notice, served to focus attention on this property from all over the world at the time.

It is unfortunate that the Alleghany district has not seen more activity for some years past as there are known bodies of high grade ore in some of the properties which are ready for the taking. The entry of the Sunnyside interests into the district will bring a lot of attention.

MRS. N. W. BENNETS CROSSES THE DIVIDE

Mrs. Nicholas W. Bennetts answered the final summons early Tuesday morning after a lingering illness. Funeral services were held Friday afternoon from the Holmes Funeral Home, conducted by Rev. C. W. Pearson.

Deceased was the daughter of the late Thomas Robinson and was a native of this city. She was nearly sixty years of age. For a number of years she was matron at the County Hospital when her husband was superintendent and was also associated with him in his work at Weimar Sanitarium. Surviving are three stepsons, Alfred J. and S. S. Bennetts of Sacramento and H. W. Bennetts of Ingot. Two sisters, Mrs. Edw. Norton of this city and Mrs. Charles Sommers of Oakland also survive.

Mrs. Bennetts was widely known for her many virtues and the sorrowing family have the sympathy of a large circle of friends.

The sad news of the death of Charles Sommers was a shock to the many friends and relatives in this city. He was coming up by train with his wife to attend the funeral of her sister, Mrs. N. W. Bennetts. He was suddenly stricken with heart failure at Richmand and died. Hi wife is an invalid and he was a devoted and loving husband.

Mr. and Mrs. C. H. Ninnis spent Thursday night and part of Friday visiting at Earle with Mr. and Mrs. Garfield Robson.

BORN—To Mr. and Mrs. C. H. King, April 11, 1929, in San Francisco, a son. She was formerly Miss Marguerite Coughlin of Nevada City.

Mr. and Mrs. Gene Hughs and children have moved from Grass Valley to their home in Willow Valley. Mr. Hughs has been working in the Grass Valley mines the past year.

REWARD MINE ORE IS BEING SENT PRESIDENT

Ore from the Reward mine where President Herbert Hoover first worked as a miner is being made up into an attractive paper weight at the request of the Sacramento Chamber of Commerce thourgh the offices of the Nevada City Chamber. A replica of the famous Marshall nugget is being placed on top of the specimen.

NORTH STAR PLANNING ON NEW DEVELOPMENT

A program of new development work in the North Star property is being carried out according to a statement issued to the press by Superintendent Arthur B. Foote the past week. The winze on he 8400 level is being sunk on a promising ore shoot and exploration on some of the higher levels is also being planned. Production is being steadily maintained.

ELKS INSTALLATION IS ONE GLORIOUS EVENT

The annual installation of officers of Nevada City Elks lodge on Friday night was one of the most colorful in the history of the local organization. With a number of distinguished visitors present, District Deputy Phillip G. Scadden formally inducted Exalted Ruler Richard R. Goyne and his corps of officers into their respective stations. Charter members and Past Exalteds filled the various stations during the ceremonies and added to the impressiveness of the event.

The following were installed: Horace A. Curnow, Esteemed Leading Knight; John J. Fortier, Esteemed Loyal Knight; Vincent V. Foley, Esteemed Lecturing Knight; G. J. Rector, Treasurer; Ainslie M. Holmes, Secretary; Percy V. Carr, Esquire; Gove C. Celio, Inner Guard; James B. Young, Sentinel; S. Lee Leiter, Trustee; Thomas W. Richards, representative to Grand Lodge; George H. Calanan, alternate.

Following the ceremonies the newly inducted officers made pleasing remarks as did a number of members and visitors. Mr. Scadden in touching words presented the retiring Exalted Ruler, T. W. Richards with a beautiful watch on behalf of the lodge and Mr. Leiter presented Deputy Scadden with a card holder in a few well chosen words.

The chicken and raviola dinner served prior to the meeting was fully up to expectations. A large delegation was present from Grass Valley as also visitors from Sacramento, Maryville, Oroville and Chico.

The many friends of Miss Elma Hecker will be pleased to learn that she is recovering from a recent illness which necessitated her going to the Nvada City Sanitarium for a tim.

Clayton Bennetts of Alleghany attended the funeral of the late Mrs. N. W. Bennetts.

Mr. and Mrs. A. Durbin have had as visitors their daughter, Mrs. Elmer Carr, and husband of Sacramento.

W. P. Clerkin of French Corral attended the installation of the Elks Lodge Friday evening.

Gordon Wood and Thomas Wayman came down from Pike City on business Wednesday.

Captain and Mrs. C. Wade of Fort Mason, San Francisco, spent last week end with Major and Mrs. P. Armstrong on Nevada Street.

Mr. and Mrs. Gove C. Celio are in San Francisco for a few days.

W. E. Meservey left Saturday for San Francisco to attend the meeting of the Grand Chapter of Royal Arch Masons which is in session tomorrow and Wednesday. Frank J. Bennallack, High Priest of Grass Valley Chapter is also in attendance.

NEW STRIKE WAS MADE GERMAN BAR PROPERTY

Excellent ore has been cut in the face of the No. 2 tunnel some time since at the German Bar property under option to the Sunnyside Consolidated which is actively pushing development work. The news of the strike sent the stock to newer price levels on the Los Angeles exchange.

The vein exposed in the No. 2 tunnel shows values ranging from $16 to $22 per ton with every indication of persistence as the shoot is opened up. This tunnel is being run to get under the old Berry shaft where the high grade ore was opened up a number of years ago. No. 3 tunnel has been advanced 110 feet with machine drills to cut the shoot exposed in the No. 2 tunnel and the No. 4 is expected to cut it still lower which will give excellent backs to provide ore for the mill to be installed early this summer.

With the installation of the mill the electric power line will be brought across the Middle Yuba from the Irelan line. Gas power is at present being used to run the compressor for the machine drills.

Consulting engineer Thomas E. Stephens who is in charge of operations for the Sunnyside is still in Los Angeles on company business but is expected up here shortly.

HIGHWAY CONSTRUCTION IS PROGRESSING NICELY

Contractor C. R. Adams is getting his work nively under way on the Tahoe Ukiah state tighway eastward from Nevada City. The second large excavator was taken to the east city limits Saturday and is being started today on cutting the grade through.

The brushing crews have cleaned the right of way for a half mile eastward from the city limits and the shovel will commence operations in cutting the grade at once. There is heavy excavation at the outset with several large fills to be made to make an even grade. The new route runs through the edge of the old Manzanita diggings which will give plenty of material for the fills. It is expected that rapid progress will be made in cutting the route to rough grade.

After passing the Arnhart and Dow ranches the new survey takes a straighter alignment than previously followed and will provide one of the finest pieces of highway in the state system when completed.

A camp is being arranged at the upper end of the contract and work will also be carried on from that point. The brushing of the right of way will be kept well ahead of the excavating and several local wood dealers have lost no time in connecting with the logs and poles cut from the right of way. The contract is expected to take until November 1st to complete and will include surfacing with crushed rock and oil, making a permanent year around roadway which will be greatly appreciated by the traveling public.

George Clutter attended the installation ceremonies of the Elks Friday evening. He is a former resident of Nevada City.

The many friends of Mrs. Dan Coughlin will be pleased to know that she is about after a serious sick spell.

The many friends of Mrs. F. J. Heppner will be pleased to learn that she is recovering satisfactorily from an injury to her shoulder.

Mr. and Mrs. Frank Naake visited his mother in Nevada City Tuesday.

Mr. and Mrs. Carl Johnson of Alleghany attended the funeral of the late Mrs. Mary Elizabeth Miller.

Mrs. Thomas W. Reynolds and son, Manford, of Oakland visited relatives here over the week end.

E. J. N. Ott has been making a number of improvements at his assay office lately including new foundations for his stamp mill and rock crusher.

Eldred Allen motored to Sacramento Thursday for the day.

IDAHO STOCK IS AVAILABLE THE GENERAL PUBLIC

With permission given by the state corporation commissioner for the issuance of a half million dollars additional stock by the Idaho-Maryland Consolidated Mines, Incorporated, it is expected that the new financing will make possible the opening of a new era of development work at this famous property the coming year and place it as one of the big producers again.

The opening of the virgin ore shoot on the 1900 level the past year has made possible the development of new ore reserves of immense value clear to the surface and proves that existence of ore bodies hitherto untouched in this property which produced over twenty two and a half millions and paid dividends of seven million during the heyday of its illustrious existence yet has wonderful possibilities. The faith shown by Errol MacBoyle in the property will yet match that shown in past years by W. B. Bourn in seeing the Empire property through against the advice of engineering opinion.

With the addition of more stamps to the present 20 stamp mill and with ball milling equipment for fine grinding, will make the Idaho plant well equipt to go onto a large production basis.

The directors of the company are listed as F. W. McNear, L. H. Duschak, W. E. Casson, Joseph Smyth, William Muller and L. H. Peters.

The Idaho Maryland common stock is now to be listed on the San Francisco Mining Exchange which is a radical departure from past procedure of the three principal producing properties of the district, the Idaho, Empire and North Star with relation to the status of the companies as regards the investing public. This step should usher in a new era with regard to the interest of the general public in the production of gold. The total stock issue of the Idaho is 2, 500,000 shares. Of this amount 1,541,932 shares of common have been issued of a total of two million common and 500,000 shares of preferred with 220,966 issued. The production since 1926 when the present management tokk over the properties is given as $375,000 using a 20 stamp mill. One of the pleasing features is that the production from the development work has practically paid its own way.

E. L. Oliver who has long been affiliated with the mining industry of Nevada county is president of the Idaho Marysland, F. W. McNear, vice president, Errol MacBoyle, managing director and Paul Claiborne, secretary and treasurer.

Thorn B. English was in Nevada City Friday enroute to Pleasant Valley to look after his cattle that are on winter range.

Mrs. Thomas Jones is home from a two month's visit with relatives at Santa Cruz.

Among those attending the funeral of the late Mrs. N. W. Bennetts were, Mrs. Alfred Bennets and Sam Bennets of Sacramento, and Mrs. Sva Bennetts of Boca.

General Manager O. E. Schiffner of the Gaston mine near Washington, is spending a few days in Nevada City with his family and attending to business affairs.

Miss Irma McCormack attended the spring track and field meet at Berkeley Saturday.

George Lyons, supervisor of the Modoc National Forest, is gravely ill at Klamath Valley hospital from recent burns. He was a forme resident of Nevada City and his many friends hope for a quick recovery.

C. F. Humphrey and J. W. Humphrey of San Francisco visited here Sunday. The former was at one time a part owner in the Murchie mine, and is now an attorney.

W. G. Gaggin ,who has been down at Sacramento for several days was in town Tuesday on his way home to Alleghany, where he has a barber shop.

Ponemah Council Degree of Pocahontas, held a cooked food sale at Odd Fellows building Saturday that was well patronized.

TWIN SISTERS COMPANY HOLDS ANNUAL MEETING

The annual meeting of the stockholders of the Twin Sisters Mining Company was held at Geyserville the past week and much interest was manifested in the affairs of the company, fully 75 per cent of the outstanding stock being represented in person or by proxy. Ray O. Foster of Ukiah was re-elected president, D J Bradbury of Napa, secretary; Arthur Tracy of Ukiah, Teasurer; Charles Miller of Geyserville, Joseph Rosasco of Healdsburg, Frank Comino of Calpella, L. Baccoglio of Ukiah and R. O. Foster of Ukiah, directors.

Work at the property which has been held up for some time by the wintry weather will be resumed within the next two weeks according to present calculations and will consist of driving the No. 3 tunnel ahead to cut under the rich ore shoots encountered on the upper levels. Plenty of water for power is now available for the next few months and will be utilized for driving the compressor for the machine drills. The face of the tunnel is now in a very encouraging formation which may disclose a new ledge at any time. The estimated distance to complete the tunnel is 270 feet which will be rushed to completion so that the company may get on a production basis at an early date. A great deal of rock has been blocked out in the upper levels ready for stoping. A mill site has been provided at the No. 3 adit and adequate milling equipment will be installed.

The company is interested in the matter of bringing in electric power and President Foster was in attendance at the meeting held here on Thursday night to discuss the situation.

SIERRA COUNTY LOCALS

Mrs. Antone Lavezzola and Miss Josephine Tomola spent Thursday in Nevada City.

Mrs. Jean Dolley of Sierraville, lately won one of the 42 prizes given by the Prize Story Magazine in a contest they put on. The contest was world wide and hundreds of thousands of answers were sent in, and to have Mrs. Dolley win one of the prizes speaks well for her ability.

Fishing season open in this country on the 1st of May, but we fear the trout are scarce in this vicinity at least. A person standing on any of the bridges in Downieville could alyaws until this year see a number of trout in the river, but now if you see one or two at any one time your eyes must be keen.

Duncan Cameron spent the time during the stormy weather with his wife in Downieville. Duncan is running a steam shovel for a contractor on the Placerville-Truskee highway and the snow falling forced a layoff.

John Adams of Sattley was a visitor to Downieville Monday night. John drove the Spaletti & Wood snowmobile from Sattley to Sierra City on Monday, as the new snow which fell made it bad for a team and impossible for an auto.

Mrs. Betty Denton went to Los Angeles Tuesday, Walter Denton driving her as far as Nevada City that morning. Miss Carmen Veck accompanied them to Nevada City for the ride.

D. A. Hatfield and Kenneth Parsons, both of Walla Walla, Wash., were here during the week looking over the Australia quartz property in Slug Canyon, owned by Richard Phelan. They also were looking at the Frost property in Hungry Mouth Ravine.

Adolph Loeffler took Mrs. Ben Hames from Sierra City to San Francisco Monday evening. Mrs. Mames went to visit relatives for a few days.

Mrs. Lena Redding was a member of the reception committee at the grand ball which was given by the employees of the legislature on the 9th of April.

Mrs. James Dugan is in Sierra City for a few days assisting Mrs. Frank Groves in looking after the Hames store during the absence of Mr. and Mrs. Hames.

(The Messenger)

CONFERENCE ON POWER LINE IS PROMISING ONE

Possibilities of a new power line into the Gaston Ridge section of the county are seen in the conference held between officials of the Pacific Gas and Electric Company and vzrious mine operators of the East Belt section held in this city Thursday night. The power company proposes to build a new line from Deer Creek power house into the Poorman Creek country as far as the Twin Sisters mine which would take care of all the mining companies on the Gaston Ridge including the Gaston, Ancho, and Spaniah, which are now being actively developed, and a score of other properties awaiting power facilities.

The power company is anxious to get a new line through Alleghany into Downieville at an early date and is willing to meet the mine owners on an equitable basis which should lead to a favorable conclusion. A further conference is to be held in San Francisco at once to attempt to close negotiations so that early construction can be started and make possible large time operations this year.

Harry S. Furiong of Auburn chief of the new business section of the Drum division presided at the conference, flanked by W. W. Clark and W. H. Park of the San Francisco offices. Mine operators in attendance were: General Manager O. E. Schiffner of the Rescue Eula interests developing the Gaston properties, General Manager Gordon M. Bettles of the Yellow Tiger Consolidated operating the Ancho and Erie, President Ray O. Foster of the Twin Sisters Mining Company, Clayton Chatfield of the Eagle Bird, C. J. Lyser of the Spanish group and representing Fred W. Bradley, Frank Dillon, who has properties in the Poorman Creek section, W. W. Waggoner of Relief Hill properties, A. H. Tickell, J. Joost and George H. Calanan.

The power company is showing a commendable spirit in dealing with the mining interests and making possible the development of a large area of mining country which has been greatly hampered in past years by lack of cheap and dependable power. It is to be hoped that early consummation of the plans for the power line may be forthcoming.

STATE FAIR OFFICIAL VISITOR NEVADA CITY

Frank H. McConnell of Sacramento, representing the State Agricultural Society and assistant to Secretary Charles W. Paine was a Nevada City visitor Friday in the interest of the coming state fair, which will be the 75th anniversary of the institution. He conferred with R. N. McCormack, secretary of the Nevada County Development Association regarding cooperation by this county in placing an exhibit this fall, something which this county has not done for some years due to lack of initiative doubtless.

Mr. McConnell is a person of pleasing address and in a conversation in The Nugget office, stated that it would be a matter of great interest for this county with its glorious record in the production of the precious yellow metal to celebrate with the state in a proper manner on this occasion. He received a hearty welcome in this city.

Supervisor E. B. Dudley, organist of the Elks Lodge, attended the installation ceremonies Friday evening.

City Marshal H. D. Shearer had as a visitor, George Milney of Siskiyou county, an old time friend.

Alfred Bennetts of Sacramento was called to Nevada City on account of the serious illness and death of his mother, Mrs. N. W. Bennetts.

Lawrence Pianezzi is home from a three month's visit with his daughter, Mrs. Maud Nerva of San Francisco.

James Bradley came up from San Francisco and proceeded on to the Spanish mine.

FARCE CAST SELECTED

The following cast for the senior farce "Applesauce" to be presented May 15 has been selected by Miss Hoffman and Miss Taylor: Ma Robinson, Alberta Baker; Pa Robinson, Donald Stevens; Hazel Robinson, Vera Toccalini; Mrs. Jennie Baldwin, Mary Jones; Matt McAllister, Elbridge Skeahan; Bill McAllister, Carroll Coughlan; Rollo Jenkins, Byron Janes.

Rehearsals, which will continue for five weeks, began Tuesday of last week.

Latest reports from Mrs. Frank Guenther as Vallejo is that she is improving from the efect sof a recent operation. Mr. and Mrs. Guenther have been gone for several weeks.

Mr. and Mrs. Robert Allen motored to Sacramento Thursday for the day.

Mr. and Mrs. Elmer Beerman of Lincoln attended the funeral of the late Mrs. N. W. Bennetts.

William Litcheberg of the Brush Creek mine, was a business visitor in Nevada City during the week.

COMMERCIAL CONTEST

The yearly contest of commercial classes was held Saturday, April 13, at Marysville. The Nevada City High School has always participated in this contest and entered several students again this year.

Miss Taylor and Mr. Kjorlie took the students down. The students took their own typewriters from the high school.

Those who went are: Bernice Eden, Vera Toccalini, and Kathlyn Greenway, for Shorthand I; Grace Towle, Geraldine Larsen, and Alberta Baker, for Typing I; Vera Toccalini and Bernice Eden for Typing II.

Ernie—"Hey! Melba!"
Melba—"Hay is for horses".
Ernie—"That is why I said it!"

Mrs. Caroline Cox of Sacramento visited her daughter, Mrs. W. L. Davies, for a short time.

Mrs. Fred Breese is home from San Francisco, where she has been visiting her sister, Mrs. Larabee, who has been ill.

EDITORIAL

The gentle art of studying seems to have lost its popularity among students in the Nevada City high school. Spring's enticing days are creating a lack of study, which is greatly needed, as is shown by some of the marks on report cards.

The educational system of our school offers opportunities for surplus energy and the student should grasp them instead of creating their own activities.

To some, the next few weeks will mean the ending of their high school days, to others, just one year nearer the goal.

We think that besides new spring clothes the students should come to school with new resolutions for harder work. We should at least do our best and in this way help the teachers, who are busy with the different activities besides their class work.

As the time for finals draws near, there is every reason to believe that each student should strive earnestly, not only to pass, but to pass with credits.

DONATION DAY NOTES

The annual donation day was observed Wednesday afternoon by the high and grammar schools in this city. There was a good attendance. Nearly everyone appeared with his stick of wood. The parade started at 2:30 o'clock from the fire house on Broad Street. The procession marched down Broad Street, up Commercial to Pine and up Broad, depositing the sticks of wood in front of the City Hall.

Committees were selected by the classes to solicit in town. George Noyes and Bernice Eden represented the senior class; Lena Ghidotti and Beatrice Cassidy the juniors; Cecelia Genasci and Deynes Foley the sophomores; and Melba Huson and Betty Bettles represented the freshmen.

The seniors collected the most money while the juniors were their close opponents. The money collected by the various classes was: seniors, $61.59; juniors, $45.33; sophomores, $35.77; freshmen $25.91. The canvas carried by the high school boys collected $15.34 The total amount collected was $185.47. Out of this the high school gave $36.87.

Helen—"What made the Grand Canyon?"
Byron—"Search me".
Helen—"A Scotchman dropped a nickel in a gopher hole".

Henry Ponticelli of Alleghany visited in Nevada City Wednesday.

HONOR ROLL

The students that are on the honor roll for the last quarter are the following:

Seniors
Kathlyn Greenway,
Alberta Baker,
Nancy Jones;

Juniors
Nadine Sutton;

Sophomores
Harriet Bleakley,
Curtis Roberts,
Laurel Phillips;

Freshmen
Barbara McMinn,
Teresa Alaria.

JUNIOR PROM NOTES

The juniors are anticipating a big time at the Prom which is to be held in Friday, April 26, at the Redmen's Hall. The committees have been selected and everyone is working to make the Prom a success.

SENDS REPRESENTATIVES

The Honor Society of the Nevada City high school, group 10, of Division 16 sent two representatives to the convention of Division 16 at Sacramento which was held Saturday, April 13. The meeting was for the purpose of making plans for the ensuing term. The representatives were: Mary Jones and Nancy Jones. They were accompanied by Miss Leschinsky.

HONOR SOCIETY LUNCH

The Honor Society gave a luncheon at 12 o'clock, Tuesday, April 9, at the high school. The proceeds, which came to twenty-three dollars, will be used to complete the Scholarship Fund. The lunch was enjoyed, and the school appreciates luncheons of this type.

CAMP FIRE PROGRAM

The Camp Fire girls gave a program, at 8:15 o'clock, Friday evening, April 12, at the Odd Fellow's Hall.

The program was given in order to raise money for the Camp Fire treasury. Plays, songs, and the Council Fire were the main events of the evening.

JOKES

Thirty days hath September,
And the rest I can't remember.
The calendar hangs on the wall
So why bother me with this at all?

Mrs. Housewife— "Well, I found out where my husband spends his evenings at last".
Mrs. Gossip— "Really! How did you find out?"
Mrs. Housewife— "I stayed at home last night and found him there".

Mrs. J. J. Jackson, Sr., has as a guest her sister, Mrs. George Hurst of San Francisco.

A delightful reunion was held at the Wyllie home during the week end. Those present were, Mr. and Mrs. H. E. Taylor, and Mrs. Caroline Cox of Sacramento, Harvey Johnston and Mr. and Mrs. B. A. Wyllie.

N. B. Bishop of French Corral was a Nevada City visitor Monday.

Mrs. C. E. Parsons, vice-president of the Women's Federated Clubs of Northern California, and Mrs. J. H. Hutchison, auditor, attended the convention of the organization at Placerville during last week.

Gordon M. Bettles, prominent mining man of Nevada City, was a business visitor in Sacramento during the week.

Suddenly, out of a spring sky...

ALL was well on the telephone front on April 27, 1928. Suddenly, out of a spring sky, rain began to fall, and as night came on this turned into a furious storm of sleet, snow and wind. In 48 hours, 3700 telephone poles and 7000 miles of wire were down; 39 exchanges were isolated; 11,000 telephones were silent.

Repair crews were instantly sent to the scene. In record time 1000 men from five states were on the job. Within 72 hours the isolated exchanges and telephones were back in service.

In any crisis there are no state lines in the Bell System. In all emergencies of flood or storm, as well as in the daily tasks of extending and maintaining the nation-wide network, is seen the wisdom of One Policy, One System, Universal Service.

JIM STEWART WRITES OF EARLY PLACER MINING DAYS

(By James D. Stewart)
Continued from last week

Mr. Colby, continuing, says:

The problem in a nutshell is whether hydraulic mining can be so conducted that it will not result in any injury to the farmers. It is proposed to erect restriaining dams of large capacity, behind which the hydraulic debris would be stored and prevented from reaching the agricultural districts below. It is proposed that the state and federal governments shall join in advancing the money necessary to construct these dams, such appropriations to be paid back through charges made for the storage of such debris. Such legislation is directly in line with and contemplated by the provisions of the Caminetti Act. This provides that the board of army engineers shall investigate and report on feasible site for such storage and to construct the necessary retaining dams when appropriations are made. This clearly contemplates governmental aid.

There would seem to be no reasonable question as to the legality of making such appropriation, either by the state or the federal government. If these reservoirs are constructed to aid flood control, conservation of water, resulting in improvement of navigability of rivers by reason of the more uniform flow and the greater ability of the water to cut deeper channels below the restraining barriers by reason of the storage of both natural and artificial debris, above, such appropriations for their legislation. In this connection, it is quite important that all possible evidence as to the efficiency of those reservoirs to restrain debris should be gathered. Bullard's Bar Dam is one of the recent structures where actual proof of the completeness of this storage of both natural and artificial eroded material is possible of study. That such mining can be carcied on without injury to lands below was held in the following case:

"It is thus made to appear that none of the debris from the mining ground or works of the defendant company is lodged or deposited in any of the navigable waters mentioned in the bill, or upon any land adjacent thereto; but on the contrary, that such light, flocculent matter as escapes from the mines and impounding works of the defendant company is carried in suspension by the moving streams and waters into the Pacific Ocean beyond the jurisdiction of the United States". U. S. v. North Bloomfield Gravel Min. Co. 81 Fed. 243, at 248.

The question has been raised as to whether the farmers have any redress in case they are injured as a result of the resumption of hydraulic mining. It seems quite clear that they have the same remedy that they have always possessed and which exists independently of the Caminetti Act or any other act which might be passed authorizing these proposed storage reservoirs. Judge Curtis H. Lindley, the great authority of mining law, gave consideration to this question and hs conclusion follows:

"Such a nuisance (hydraulic mining resulting in damage) has neither been authorized by state or national legislation or legalized by implication, nor could it be so authorized or legalized." 849, p. 2098 of Lindley on Mines, 3rd Ed.

Mr. Colby is not a hydraulic miner and as far as the writer knows has no interest in any hydraulic mining property or projects. It would seem then, that his findings should be conclusive.

The Sutter county farmer claimed that a resumption of hydraulic mining would do him irriparable injury. His engineer was compelled to admit that dams could be, and in all probability and beyond a doubt would be, built so as to be secure and effective.

His next claim was that the hydraulic mines would not pay. First and last, that's none of his business; and if they will not pay, he has little to fear for the operation would be short lived.

He was then fearful that these dams would fill up and run over and that if built that they wouldn't fill up and the government would be loser.

Then the claim that he will lose the rights of injunction. Mr. Colby seems to dispose of that.

He hasn't hit on what his great trouble will be yet, and we predict that where hydraulic mining is resumed and he finds he is not hurt, he'll be yelling because he has been deprived of a right to have something to yell about.

(To Be Continued)

CAMPTONVILLE HAS SOME BUILDING ACTIVITY

Some little activity can be noted of late in the building line. William A. Lang, proprietor of the Lang garage, is having a new room put into his machine shop, wherein is to be installed a fine lathe and other power machinery; he has changed the battery charging room, and other minor changes are being made. His brother, Edward Lang is doing the work.

The Lang Garage is one of the best equipped machine shops between Sacramento and Reno, being able to turn out all kinds of mechanical work, with an expert mechanic in charge, having had many year of automotive experience.

Lee Bullington has about finished taking down the butcher shop which is being moved to other parts of town.

In keeping with the past record of this community as being the cleanest and best looking town in the mountains, the people try to keep it that way. When any building becomes out of use, and looks bad, it is either repaired, or torn down and removed, and not allowed to fall down and remain a pile of rubbish such as is commonly seen in some of the other mountain towns.

W. H. Wayman has been busy repairing the house of Conrad Krausgrill on Spring street, putting on ne wporches, a new roof, painting and papering the interior, the dwelling will soon become the residence of Miss Doris Nightengale, principal of the grammar school.

A number of residents of Main Street have volunteered a days labor to straighten up the upper part the street going towards the Odd Fellows cemetery.

Mrs. Fred Erskine of Roseville and Mrs. Henry Ford and two daughters of Berkeley, visited here Wednesday. Mrs. Ford will be remembered as Miss Abby Erskine. Both are former resident.

Mrs. Arthur Hoge was the representative sent from the Women's Improvement Club to attend the Club Convention held at Placerville during the week.

Mrs. Ella M. Austin, county superintendent of schools, visited the school as Hobart Mills during the week.

Mr. and Mrs. R. Stevens, Sr., had as a visitor their son, Rutherford, of Sacramento, last Sunday.

Mrs. R. S. Fitzsimmons is home after a visit with her sister, Mrs. James Snell, at Hollister.

Mr. and Mrs. Henry Schroeder, Jr. of Sacramento visited his father on Gold Flat Wednesday.

Joe Marriott came down from Alleghany to visit his family. He has been employed up there for several months.

Hereafter the Nevada City Lions Club will hold its meetings Tuesday noons at 12:15 instead of in the evening with the exception of th efirst Tuesday of the month which is ladies' night and will be held at 6:30 of that evening.

Mr. and Mrs. Fred Searls, Sr., have as a visitor their grandson, Niles P. Searls, Jr., of Oakland.

Eng. W. L. Mobley was a visitor in the bay region for a few days recently.

Executive Secretary Mrs. Niles P. Searls, and assistant, Miss Evelyn Kendall, came up from Oakland during the week to prepare for the opening of the Camp Fire Girls' camp at Lake Vera which will be some time early in June.

The Womans' Civic Improvement Club held a meeting at the Elks Building Friday evening to listen to a peace talk by Mrs. Haywood of San Francisoo. The address was a very interesting one but lack of sufficient advance notice of the meeting held the attendance down.

F. W. Lant of Downieville was in town Tuesday.

SAVINGS ACCOUNTS HAVE QUADRUPLED IN 10 YEARS

There are nearly four times as many people in the United States who have savings accounts as there were ten years ago. This may seem strange in view of the popularity of owning an auomobile, of speculating in stocks and the many varied attractions that are provided for enticing money away from people, yet the statistics stand.

Ten years ago there were eleven billion dollars deposited in the savings banks of the United States. The savings of the people deposited in banks of the country today are thirty-one billion, or more than three times as much.

There may be someone who will read this who may not have started to save. He will find that he is very much alone in his spending all he makes, and that if he is wise as the average human being he, too, will soon have a savings account in his own name.

DURBINS LEAP INTO BOWLING TOP NOTCH

By taking four points from the Ghidotti's Monday night, the fast coming Durbins leaped into first place in the Elk's bowling league by a wide margin and now look to be headed for topnotch honors if they can break even for the last two weeks of the race. Every member of the Durbins averaged better than 147 for the three games which shows what the Ghidotti's were up against. The only consolation for the rest of the teams in the league is that the plumbers have the two toughest teams to run up against this and next week and who may clip their wings somewhat.

The Ghoditti's showed but little of their early season form in their encounter and but four of their games went over tht 150 mark, and they would have been tasy marks for a Class C team with their miserable showing.

The Trevithicks by taking three from the Penrose league of nations went into second place and the Lobdells by annexing three from the Leiters are in third, leaving the Leiters in fifth and Penrose in sixth. Both the latter teams have a chance to shove the sinking Ghidotti's into the cellar this and next week.

The outstanding work of the week was by Tamblyn who shot two sensational games of 199 and 190. He shot a 213 game for practice prior to the league games which he should have saved as it would have given topnotch individual topnotch individual totals for the season. His 536 total is one of the high ones of the season however and puts him in second place in individual standing with an average of 157. Bigelow was hot on his trail however, and brought his average up to 156 for third honors. Curnow was unable to get under was early enough but he brought his average to 154 for fourth place in the standings. Pierce with 153 is in fifth.

Bigelow with 42 spares is in top place in that department with Dave Richards and Pierce close behind him with 39 and Tamblyn with 38 is pressing them. There is but little competition in the strike section although Carter by some sensational work brought his total up to 31 for second place. He started out excellently in his second game with five strikes for a starter with his center alley ball but his last five frames were not up to regulation. His total of 516 pins brought his average up to the select 150 class

Doubles—Tamblyn, Fouyer, Bigelow, Penrose 2, Celio, Walling 2 Trevithick, Kopp, Ghidotti, Willoughby, Hoge, Breese, Durbin 3 Hogan 3, D. Richards 2.

Triples— Nickless, Hogan, Willoughby, Carter, Mobley, Goyne, P Carr, Bigelow, Fortier Tamblyn.

Four in a row—Tamblyn, Willoughby.

Five in a row—Carter.

Reserve your copies now of th special mining number to be issue by The Nugget the coming month if you want to boost Nevada County and see our mining once more pre eminent.

There's nothing like being grateful for small favors. We overheard a Town Talk girl with a new coat remark this week, "Thank heaven I'm warm nearly down to my knees.

None of us common folks can don a new frock every time we go out to make a call, but there isn't a one of us who can not put on a cheery smile.

The merchant who advertises pays so much for his space; the one who doesn't advertise pays more dearly for the lack of it.

Intelligence is not always satisfying. In law neither a king nor a fool can do any wrong.

As a matter of fact, if you live in a glass house you shouldn't ever wear a stony look.

The poorest man in the world is the man who has a lot to live on, and nothing to live for.

They're making a tolerable lot of guesses now, on what Cal will do when he gets out. No one seems to loog for him to go into the "talking" movies.

So long as mother spends $7.50 at the beauty shop while dad shaves himself, you can expect a condition of unrest in the home.

Here's hoping that the first one of Hoover's campaign promises that he will proceed to make good will be the one to abolish poverty.

An American is a fellow who can smoke the pipe of peace and spit fire at the same time.

It is said that the police finally located a Scotchman who was missing for three days. He was riding in a pay-as-you-leave car.

In the interest of world's peace, we name a U. S. cruiser, "Chicago".

It is strange that no one ever thought one of the ways to make traffic conditions better is gradually to eliminate the pedestrian.

CAMPTONVILLE PERSONALS

Mr. and Mrs. William O. Grant returned a few days ago from a brief visit with relatives at Oroville.

Alfred Livingston accompanied by his son, Alfred, Jr., arrived Saturday from Berkeley on a brief visit with his mother, Mrs. Kate Hope Livingston. They returned Sunday evening.

Albert C. Sommers, accompanied by his sister, Mrs. Abner Kennady, and children left Friday for their home at Berkeley after spending a week visiting Mr. Sommers parents at Mill Creek.

James M. King of McCloud arrived Sunday on a short visit to his old home.

James A. Taylor motored to Nevada City Tuesday on a short business visit.

Sheriff George Bynon of Downieville was in town Tuesday.

H. H. Chatfield of Pike City was in town Monday, bringing over his daughter, Miss Wanda, to resume her studies in the local high school after spending the week end at her home.

R. E. Miesse, mining man of Nevada City, was in this section Tuesday on a short business visit.

Rev. Father D. J. O'Donovan of Downieville spent Monday evening visiting in town.

Mike Denicke of North San Juan passed through town Tuesday enroute to the Brush Creek Mine.

J. D. Nuttall arrived Tuesday from Oakland and will spend the spring and summer at his old home at Oak Valley.

Our advice to certain young people of this vicinity when "joy-riding" about the Valley is to let the spark-plugs do most of the sparking.

Mr. and Mrs. George A. Legg and son ,Tommy, of Kerkeley spent the week end rere.

The Neighbors of Woodcraft held a cooked food sale Thursday that was well patronized.

Percy Hoskin, Tom Jones and Robert Williamson are employed at Big Tunnel.

Judge and Mrs. F. T. Nilon had as guests recently, Mrs. Rachel Moore and W. T. Nilon of San Francisco.

NID DIRECTORS WILL APPEAR SUPERIOR COURT

The directors of the Nevada Irrigation District have been cited to appear in Superior Court next Friday and answer to the allegations made by John Phelps of Graniteville that his mining claims at Lake Bowman have been flooded by reason of the building of high dams otimpound water. Phelps is one of the property owners seeking damages by reason of such claimed flooding. Chris Hansen also has an action pending along the same lines.

Judge J. F. Pullen made the order citing the directors to appear.

FRENCH CORRAL ITEMS

W. E. Moulton made a business trip to Marysville Saturday. He was accompanied by Thos. Meyers who was enroute to Oakland to visit relatives.

George McComber, who has been spending the winter in French Corral, has gone to Woodleaf, Yuba county. He was accompanied on the trip by Messrs. King and Granholm

Homer Musfield and Fremon Wood of San Juan were looking up the cattle of H. Huckins this week. The cattle were pastured on the Dahlberg ranch this winter.

Mrs. A. Browning and son, Harry and Miss Millie Clerkin went to Nevada City Thursday where the two ladies attended the meeting of the Neighbors of Woodcraft in the evening.

The many friends of Mrs. Fay Carpenter of Dixon share her sorrow in the death of her daughter Gloria, and tender their deepest sympathy. Mrs. Carpenter's mother Mrs. Putnam of Dixon is a sister of Mrs. R. McNamara of Tyler and J. W. Culver of this place, All have spent much time with their relatives here.

Mrs. W. H. Wasley attended the funeral of her mother, Mrs. E. Green, in Oakland returning home during the week.

WHAT DR. CALDWELL LEARNED IN 47 YEARS PRACTICE

A physician watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the system and is not habit forming. Syrup Pepsin is pleasant-tasting, and youngsters love it.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for anybody's system. In a praccice of 47 years he never saw any reason for their use when Syrup Pepsin will empty the bowels just as promptly.

Do not let a day go by without a bowel movement. Do not sit and hope but go to the nearest druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle.

When Food Sours

Lots of folks who think they have "digestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sour gas and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief —Phillips Milk of Magnesia neutralizes many times its volume in acid.

After a hearty meal, or too rich food has brought on the least discomfort

PHILLIPS Milk of Magnesia

After all, what is the most important thing in baking?

Is it measuring and mixing ingredients? Is it selecting *certain* ingredients? All Home Economists know that after all, the most important thing is the correct oven temperature.

For almost anyone using care can measure and mix good ingredients accurately and follow a tested recipe. But in the baking—that's where all your best efforts meet the real test.

Today, leading Home Economists are turning to a device that keeps the oven at any temperature. It is called the Oven Heat Control and is a part of the new Gas Range.

See these new Gas Ranges at your dealer's. Or phone or call at our office.

FRENCH CORRAL ITEMS

FRENCH CORRAL, April 16, (Special to The Nugget)— Well, what a variety of weather, we are having! It seems for awhile, that we were in some manner jumbled up with the frigid zone. We will probably run short on fruit this year. But the loss of fruit is not to be compared with loss of life, and when we read of tornados and cyclones, etc., in other places we congratulate ourselves that we are in this splendid place.

Owing to uncertain weather and a smallpox scare, social doings on the Ridge have been at a standstill.

The play that was to be presented the night of the 13th had to be called off until a later date.

Mr. and Mrs. W. E. Moulton and daughter, Louise, spent Friday evening with friends in Pleasant Valley.

H. C. Durfree of Lincoln was here early Saturday morning peddling raisins. He found our country covered with six inches depth of snow.

Rev. Fr. O'Reilly held service in the Catholic church at Birchville Sunday. He was accompanied by Robert Tucker, who assisted in serving mass.

The regular meeting of the S. J. W. A. was held Sunday afternoon. Much business of importance was transacted and the spirit of endeavor in paying our indebtedness is kept very much alive. "Perserverance conquoreth all obstacles".

H. Huckins of North San Juan had business in French Corral Sunday.

Levin Brown of Sweetland was a Sunday visitor.

Mr. and Mrs. W. E. Moulton and Miss Louise made a trip to North Bloomfield Sunday evening when Miss Louise returned to her school work.

H. Flynn of Colgate called on friends in French Corral Sunday.

Miss Millie Clerkin returned to her home near this place Sunday evening, after a pleasant visit with friends in Nevada City.

Together with members of Laurel and Manzanita Parlors, Miss Clerkin representing Columbia Parlor, of French Corral, attended the reception given by the four Parlors of Sacramento N. D. G. W. She reported a most pleasurable time.

Albert Moynier, who has been visiting the family of O. W. Bean of San Francisco for the past two weeks, returned to his home in French Corral Monday. Albert says he had "the time of his life".

N. B. Bishop of French Corral had business in Nevada City Monday.

Thos. Meyers, who has been viiting relatives in Oakland for the past week, returned Monday evening.

A Browning made a trip to Nevada City Monday.

W. P. Clerkin, who has been in the Brown's Valley section for the past week, returned Saturday, and has gone again to look for stray cattle.

Mr. Pitman of Nevada City was a visitor Wednesday.

Chas. Buhl of Brown's Valley called on friends here Wednesday.

Another of French Corral's old residents has answered the final call. Mrs. W. P. Miller of Nevada City who was laid to rest in the San Juan cemetery Tuesday was for many years a resident of this place. All but two of her large family were born here. She was known and beloved by all for her kindness of heart. A good and devoted wife and mother and a most worthy neighbor was ever her record. Her family has the sympathy of her many friends in this place and on the San Juan Ridge where all were known.

ANNOUNCEMENT

No change will take place in the General Insurance office through which it has been my pleasure to serve the public during my incumbency as Justice of the Peace for Nevada Township.

The officers appointed to conduct said election are Mary Hoskins, inspector, Annie R. Byrne and Celia I. Neagle, judges.

H. A. CURNOW, Clerk.

Dates of Publication—April 8, 15, 22, 1927.

NOTICE TO CREDITORS

In the Matter of the Estate of RICHARD FOSTER WILLIAMSON, Deceased.

NOTICE IS HEREBY GIVEN by the undersigned E. A. LANGFORD as Executor of the Last Will and Testatment of Richard Foster Williamson, deceased, to the Creditors of and all persons having claims against the said decedent to file them with the necessary vouchers within four (4) months after the first publication of this notice in the office of the Clerk of the Superior Court of the State of California, in and for the County of Nevada, or to exhibit them, with the necessary vouchers within four (4) months after the first publication of this notice to the said Executor at the law office of W. E. Wright, Union Building, Nevada City, California the same being his place of business in all matters connected with the estate of said Richard Foster Williamson, Deceased.

Dated April 8th, 1929.

E. A. LANGFORD,
Executor of the Last Will and Testament of Richard Foster Williamson, Deceased.

First Publication, April 8th, 1929.

There's peace in the household guarded by Castoria. Peaceful sleep for Baby Uninterrupted rest for Mother. For a few drops of pure Castoria will quiet any fretful infant. Or put the little one back to sleep when there's an upset during the night.

Parents, don't try to do without good old Castoria! It isn't fair to the baby and it makes things hard for you. You can't give Baby medicine meant for grown-ups—or shouldn't! Castoria is the solution. It is always safe. It always does the work. And although it acts as swiftly as an opiate or a narcotic, it contains neither. *Castoria is purely vegetable.* Give it whenever there's constipation, colic, diarrhea.

No less than five million mothers have come to depend on Castoria, for twenty-five million bottles were bought last year! Get yours today; don't wait for some night when it's needed, and the drugstore is closed!

Children Cry for CASTORIA

Mr. and Mrs. D. W. Gorham and Mr. and Mrs. Harry James, Mrs. Joseph Taasse, all of San Francisco attended the funeral of the late Frank James which was held Friday.

Carl Martin came up from Sacramento for the week end. He has accepted enployment in a pharmacy in the Hawaiian Island for a short time and went to San Francisco to embark.

Oscar Angilley of Marysville was visiting friends here Thursday. He is a former resident.

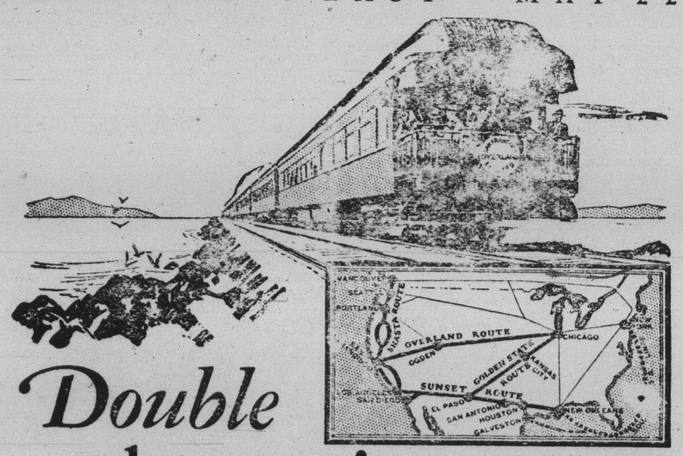
LOW FARES EAST • MAY 22



Double the enjoyment

of your trip east—go one way, return another

When the low summer fares are in effect, May 22 to Sept. 30, you appreciate all the more Southern Pacific's option,—go one way, return another.

At a cost no more than the greatly reduced excursion fares you can, for example, go East over the SUNSET ROUTE, via San Francisco, Los Angeles, El Paso, San Antonio, New Orleans and return via the OVERLAND ROUTE, Chicago direct across mid-continent to San Francisco. Use Southern Pacific's varied routes. See more of your America. Broaden your horizons. Only Southern Pacific offers choice of *four great routes*: OVERLAND ROUTE, SUNSET ROUTE, GOLDEN STATE ROUTE—Los Angeles via Kansas City to Chicago and SHASTA ROUTE via Pacific Northwest.

In style of trains, too, you have your choice. If it's the utmost in luxury you want there is a train on every route to serve you. Or you can find comfort with economy on trains carrying Tourist sleepers and All-Day Lunch cars (like cafeterias).

NEW PLAN BOOK

Write to F. S. McGinnis, 65 Market St., San Francisco for your free copy of new, illustrated booklet, "4 Great Routes to the East." Gives in detail the advantages of *going one way, returning another.*

Some examples of roundtrips from main line points to:

Boston	$157.76
Chicago	90.30
Cleveland	112.86
Detroit	109.92
Kansas City	75.60
Memphis	89.40
Minneapolis	91.90
New Orleans	89.40
New York City	151.70
Washington	145.86

Southern Pacific

JIM STEWART WRITES OF EARLY PLACER MINING DAYS

In the two preceeding articles you have read Mr. Colby's opinion of the legal phases of hydraulic mining under Federal supervision both present and contemplated.

The Sutter county fanatics first wail was of the great damage that hydraulic mining has done in the past. This has been repaired and his lands restored through the appropriation of $800,000.00 of state and federal funds not withstanding their brazen statements that they have never asked and never received state or federal aid.

His next claim was that the dams would not be secure and his life and property would be in great danger. Their own engineer, Otto Von Geldern, admits that these dams can be, and without a doubt will be, built so as to secure and safeguard all below them.

The next squall is that they will fill up and run over. The debris commission does not permit enough mining above them to fill them. In the next breath they are afraid that the mines will not pay and will not be worked and the dams will not be filled and the government will lose a lot of money. This is the best example on record of blowing hot and cold. If these mines will not pay, they have little to fear from the angle of hydraulic mining, for men do not long follow unprofitable occupations. And this is one case where such a situation would cause no loss for these dams would be storing water for the farmers below.

Driven from trench after trench they finally make a last stand to save their precious, damnable, blackmailing injunction weapon.

The right to enjoin a hydraulic miner working with a federal permit with an injunction issued from a state court, presided over by a judge elected by these same fanatics, Wm. E. Colby, says they will not and cannot lost this right which is surely just too bad.

Many of the hydraulic mining fraternity already know, and to those who do not, this piece of information relative to injunctions may prove interesting and profitable.

If you operate as an individual or as a California corporation you may be enjoined from hydraulicking by a state, county or municipal body, without their having to post a bond to protect you from loss should hey not be able to prove that your particular operation has caused damage. Another case of just too bad.

However, if the hydraulic incorporates under the laws of another state and becomes a foreign corporation, then these Sutter county fanatics must post a bond before an injunction can issue. Should they not be able to prove damage, then the bondsmen will have to make good the loss sutained by the said hydraulic miner. This would be another case of just too bad, with the shoe on the other foot.

This does away with the blackmailing weapon of injunction; so these fellows have already lost the right of injunction in the manner in which they have interpreted it in the past.

If this hydraulic matter was before an unbiased non-partial jury, it would just about dispose of their case, for every argument that they have advanced has been disposed of.

When you calmly think this over you can easily picture any public body giving bonds in such a case.

Another important phase of this hydraulic situation is Paul Bailey's report in Bulletin No. 12, of the State Water Commission. In this report Bailey recommends that flood control, the salt water situation conservation, irrigation, navigation, hydro-elecric power and hydraulic mining be coordinated in one great plan.

A legislative committee has been studying this situation for two years and its report has just been given the public. It recommends that this great plan be carried out as recommended in Bulletin No. 12, and asks for a bond issue of $109,000,000.00 for the first units. While these first units will not be built where they will be any great aid to hydraulic mining, it is gratifying to know that this committee did not take the vaporings of the Sutter county fanatic seriously. The next units must be built where they will benefit hydraulic mining.

This will be the last of these articles save one. When the legislature has finally disposed of the Seawell bill, it will furnish material for the final chapter.

I trust that those of you who have read them have gotten as much profit and pleasure out of them as I have had in writing them.

L. E. Martek of Penn Valley was a visitor here Wednesday.

CHAMBER COMMERCE BALL, NEXT SATURDAY EVENING

The Chamber of Commerce Ball to be given next Saturday night at Armory Hall promises to be the best yet. .Best of music by Mobleys Special Orchestra. Grand march will be preceeded by special programme arranged by Thos. Coan and assistants, which as in former years, may be relied upon to furnish novelties of song and dance, well worthy of public interest. Another novelty number will be that in charge of the Nevada City Lodge, B. P. O. E. This primises to outclass every former effort of these worthy entertainers, and will have to be seen to be appreciated. Speculation is rife as to the nature of the stunts to be presented, but secrecy reigns supreme, and only by attending the party, can it be known the nature of the nature of the programme. Directly following the programme, a grand march will be formed. This will consist of three sections. Couples Couples wearing their wedding clothes will form the first section, and prizes will be offered for the couple which has been married the greatest number of years, the newest married couple, and also a prize for each golden wedding couple. It is urged that our townspeople will especially co-operate in this feature of the entertainment.

The Old Fashioned section will again be a feature, an it is hoped this will induce every one to bring forth from store room, trunk and attic, the old relics of the past, and make this part of the party, the interesting feature i has been in the past. The third section will be given over to general fancy dress idea. In both these sections appropriate prizes will be given, selected from the following named list of donations from the local merchants, which is only a partial list:

Noell Soda Works ..... Case Soda
Alpha Hdw. & Sup. Co. .... $10 Mdse
Lace House ..... $7.50 Mdse
Plaza Grocery ..... $10 Dinner Set
Richards & Calanan .... $7.50 Mdse

..... $6. Gent Bill Fold
Hogans Shoe Store .... $7.50 Mdse.
Schriebers Cafe ..... $2. Box Candy
Plaza Garage .... 10 Gal. Ethyl Gas
Penrose Grocery .... 4lb. Can Coffee
P. G. & E. Co. .... Hot Point Iron
Kopps Bakery ..... 1 Cake
A. Hartung ..... $4. Mdse
Nevada City Hdw. Co. .....
..... Electric Egg Boiler
J. J. Jackson ..... 50lb. Sk Flour
Chain Groceteria .....
..... 5lb. Marshmallows
Italia Hotel ..... Diner for 4
Nevada City Garage ..... $5. Mdse
Miners Fdry & Sup. Co. .....
..... $7.50 Mdse.
Nevada City Nugget .....
..... 100 Calling Cards

The Chamber of Commerce annual entertainment has become one of the outstanding social events of the year due, to the close co-operation of the citizens in general and this year will prove to be one of especial interest which no one can afford to overlook .It is urged that every one will yield to the spirit of the event and help by personal co-operation to lend every bit of color and incident possible.

Dr. Sidney Talbor of San Francisco visited his wife and relatives in Nevada City during the week.

Ellsworth Colley of Tudor spent Sunday here visiting his farther, J. F. Colley. J. F. Colley also visited his brother, Fred, at the Mare Island Navy Yard.

Mrs. E. R. Stambaugh is visiting in San Francisco.

Mr. and Mrs. John Callison of Rough and Ready were Monday visitors in Grass Valley.

Harold E. James of Placerville is here visiting his parents.

Henry Kohler of Chicago Park was a business visitor here Tuesday.

Mrs. Frank Davey spent several days visiting in Oakland last week.
